

# Instructions for Qualatex<sup>®</sup> Fashionable Frame

To keep assembly time to a minimum, gather the materials and read through the instructions before beginning.

**Labor:** About 15 Minutes

**Materials:**

- 12 12" (30cm) Dark Blue Quick Link Balloons™ 65215
- 24 5" (13cm) Lime Green Latex Balloons 48954
- 24 5" Onyx Black Latex Balloons 43548

**Instructions:**

1. Inflate two 12" Dark Blue Quick Links to 10" (25cm) and tie them together to make a pair. Repeat to make another pair, and then tie this pair together with the previous pair. Continue inflating pairs and tying them together until you have a chain of 12 Quick Links.
2. Tie the first and the last Quick Links together to make a loop.
3. Inflate two 5" Lime Green latex and two 5" Onyx Black latex to 3" (7.5cm) and make a 4-balloon cluster (see "4-Balloon Cluster"). Repeat to make seven more 4-balloon clusters.

## 4-Balloon Cluster

Inflate and size two balloons, then tie the necks together. Repeat to make a second pair, then twist the two pairs together to make a 4-balloon cluster.

- 4.** Make a 4-balloon cluster with two 5" Lime Green latex and two 5" Onyx Black latex sized to 4" (10cm). Repeat to make three more clusters.
- 5.** Wrap a cluster from Step 4 between two of the Quick Links. Position all four balloons together to help create a right angle with the Quick Links. This will be one corner of the frame.
- 6.** Wrap two clusters from Step 3 between the next two Quick Links.
- 7.** Repeat Steps 5-6 three more times to create the remaining three corners and straight edges of the frame.
